Flutter

## Profile

Senior Software Engineer with 8+ years of experience across startups and enterprise environments. Proven track record of leading frontend architecture, mentoring engineering teams, and delivering performant, accessible products using React, Next.js, and Flutter.

## Employment History

### Software Engineer , Just Eat Takeaway, London, UK

AUG 2023 – PRESENT

- Led frontend development within a large-scale Next.js 14 monorepo using React 18 and Redux-Saga to ship modular, high-performance features across regions.
- Collaborated closely with backend and platform teams to influence architecture decisions and contribute to cross-team design reviews.
- Mentored junior engineers through code reviews, pair programming, and architecture sessions.
- Built accessible, reusable UI components aligned with internal design systems (PIE/snacks) and a11y standards.
- Strengthened automated testing using Jest, React Testing Library, axe-core, and Playwright, improving test coverage and accessibility confidence.
- Enhanced dev workflows by introducing ESLint, Prettier, husky/lint-staged, and performance checks via size-limit.
- Improved CI/CD pipeline with Sentry source maps, Datadog telemetry, and Docker-based deployments — reducing debugging time and deployment friction.

### Front-End Software developer , Sagittarius Pvt Ltd, London, UK

NOV 2021 – AUG 2023

- Delivered responsive Sitecore MVC + React interfaces for clients like Air Arabia and McCarthy Stone.
- Improved checkout UX with UI/UX teams — increasing conversion rates by 20%.
- Led frontend architecture and performance tuning across multiple projects.
- Managed deployments with TeamCity and Octopus across multi-stage IIS environments.

### Freelance Frontend Software Developer , Dublin, Ireland

APR 2020 – OCT 2021

- Built and launched Highbarnate, a guided meditation app (React Native).
- Delivered full-stack solutions for small businesses — including a physiotherapy booking system, musician portfolio, and coaching scheduler.
- Focused on performance, UX iteration, and upskilling in React, React Native, and Python.

### Software Developer , NuageBiz Tech Pvt Ltd, New Delhi

JAN 2018 – APR 2020

- Built and deployed cross-platform mobile apps (Flutter) and responsive web UIs.
- Led frontend efforts and collaborated on full-stack B2B/B2C solutions.

## Education

### Bachelor of Technology in Computer Science, NIIT University, India

JUL 2014 – JAN 2018
